

Dr Jessica L Boland

Dr Jessica L Boland is a researcher working in the field of science.

She is leading the research of some new technology.

Jessica would like disabled people to be more included in STEM.

STEM stands for:

- Science
- Technology
- Engineering
- Maths.

To help make STEM more inclusive
Jessica has:

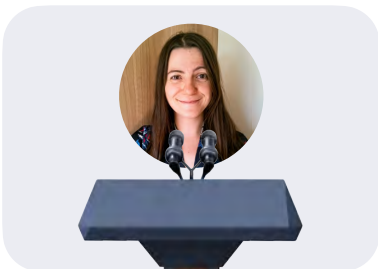

- published writing

- joined groups and boards which raise awareness

- supported younger disabled researchers

- given talks and speeches.
